## PRINTED CATALOGUE REQUEST FORM

At KJ music, we are trying to minimize use of paper, ink cartridges etc by making our catalogue available on-line, both in the form of our website [www.kurtjacob.com.au](http://www.kurtjacob.com.au) and as a downloadable interactive pdf document with advanced search capabilities. This version is updated on a monthly basis (or more frequently if necessary) and is available for download at [www.kurtjacob.com.au/KJCatalogue.pdf](http://www.kurtjacob.com.au/KJCatalogue.pdf).

Both of these versions are constantly improved and updated with the latest product releases and Recommended Retail Prices of all of our lines. This is the best way to ensure you have up to date information concerning our products and prices.

The website also includes a lot of images, product information and general help information which it is not possible to include in a catalogue of manageable size. Both the website and the digital catalogue are also in colour (which is no longer economical for us to print).

We issue a new print version of the catalogue on the 1<sup>st</sup> of July each year. We are now printing catalogues only **BY ORDER** to avoid wastage. If you require a print version of the catalogue, please fill in the form below and return to us by 24/06/2010.

STORE NAME	MAILING ADDRESS	ATTENTION TO:

Please note that, due to fluctuations in both currency exchange and international freight rates, **PRICES ARE SUBJECT TO CHANGE WITHOUT NOTICE**, and that therefore the ongoing accuracy of the print version is limited. Pages can be downloaded and printed from the pdf version to keep your catalogue up to date.

We understand that some retailers do not have computers in the public areas of their stores (though this can be a great use for old computers instead of throwing them out – load catalogues etc onto them and your staff can then use them to show the customers the images, etc), but **A CATALOGUE WILL NOT BE SENT TO YOU UNLESS WE RECEIVE A COMPLETED REQUEST FORM (ONE CATALOGUE PER STORE LOCATION/BRANCH)**.

By using only the digital versions, you will be helping to keep our costs down as well as minimizing environmental impact, which in turn leads to lower prices for everyone.

Thanks,

Bruce Allen
